

A Word of Congratulations -- On this joyous occasion of the inauguration of the Transform World Centre, Yangsan, 2nd May, 2008

By Luis Bush, Transform World Connections,
International Facilitator

The Bible says: "Therefore, since we are receiving a kingdom that cannot be shaken, let us be thankful, and so worship God acceptably with reverence and awe," (Hebrews 12:28). We acknowledge, as we partner with God, on His mission of transformation, we come at this time with a heart full of thanksgiving.

The establishment of Transform World Centre, Yangsan, South Korea, is a wonderful manifestation of Transform World Connections ethos, as voluntary, non-hierarchical, decentralized and locally-led. I understand that this Centre will provide space for the ministries of praise and worship, art, intercessory prayer, various meetings and other programs with guest rooms' facility to accommodate about 100 people at the same time and serve to facilitate a transformational process in the Young Nam area.

Shin and Lee are to be commended, as human instruments called by God, with several partners in establishing the Transform World Centre, Yangsan. Transform World Connections provides a platform for transformational partnership with such individuals, organizations and networks. Just as you have done, any person or organization can initiate Transform World movement in any form as long as they agree with Transformational Covenant. In establishing this Centre at Yangsan you are connecting to a global network of transformation.

I hope that the Centre at Yangsan will also provide a service with and for TWCREST (The Transform World Centre for Research, Resources and Training in Singapore), to facilitate Transform World movement through research, resources and training, geographically and functionally.

That God's will maybe done on earth as it is in heaven,

Yours gratefully in Jesus!
