

# BRAZIL REPORT ON 4-14 WINDOW

*The city of Criciúma, in Santa Catarina state, hosted a wonderful 2 day 4-14 Window event in December 2013. We received an invitation to present the 4-14 Window to 4-14 leaders on that community. At least 100 leaders from 100 churches participate on that event.*

*We also had 2 special meetings with more than 500 hundred kids under 14 years old. It was wonderful to hear some of the kids preaching the gospel during the event.*

*Edson Bruno, regional facilitator for Brazil,

## 4-14 WINDOW ON THE RADIO

*The audience is composed of more than 200 cities, and they are being challenged by the 4-14 Window Vision with Edson Bruno's radio program. Every Day some important issues involving the 4-14 Window are on air. Community and church leaders are being awakened for the importance of investing in the 4-14ers. We have a program especially designed for the church leadership and community leaders and also a program directed to the 4-14ers.*

*Several leaders are asking for guidance on 4-14 Window Vision and inviting us to go to their churches and participate in special meetings with the leadership.*

*Some wonderful testimonies have arrived. One of them came live by telephone during the program. The caller from Apucarana, Paraná, said:*

*"Every Friday my wife and I gather together around 30 kids from the streets. We teach them the Word of God and also about the life. We separate girls and boys and my wife speaks with the girls and I speak with the boys. Since Brazil has a very high level of teenage pregnancy, my wife teaches very seriously about this issue. One Day a 12 year old girl came to us and said that she decided to serve Jesus Christ and that she would even like to be a missionary to help others. Now she is very happy learning more about God and also got baptized in a church. This experience occurs every Friday night in our home."*

*Edson Bruno doing his radio show in the Assembly of God National Convention and asking the national AG leadership about what the biggest denomination in Brazil is doing for the 4-14ers. They recognized they need to do more.*

*The Radio Show  
especially focused  
on 4-14ers  
challenging them  
to make a  
difference in the  
world*
