Report of China Launch of 4/14 Movement

Chinese pastors have taken the lead in organizing an event for 100 pastors from more 28 cities and 20 provinces and 8 organizations who came together for the first Chinese 4/14 Forum. 20 youth leaders led the worship and participated in the event providing input and powerful testimonies of their own faith journey.

We were warned that the power may get cut off after the evening sessions on the first day of the event. Already the venue had to be moved from the capital to a different municipality. We still continued with the program. In fact, there was extended time for prayer and fasting that first evening.

The organizers were not surprised or worried. They took things in their stride & decided we should all leave after breakfast the next morning. So we, the international group, joined up with them later and continued with the meetings!

The last evening they were up until 2 a.m. praying and committing themselves to the vision, concluding with organizing of themselves to carry it out.

We're amazed at how flexible they have learnt to be, while I, Doris, couldn't help but think of Jesus' words "He came to His own & his own received Him not".

Please pray for the leaders and ministers of the Gospel in this nation and the mission for raising up a new generation from the 4/14 Window by reaching, rescuing, rooting in the Word of God and release them as agents on God's mission to bless the children and the people of this nation.
