Model clusters expanding! James Sai Rama and Peter Saw Min report growth in the impact of their developing village cluster models in Yangon. ANGON Slum TCD program of micro-loans has seen wonderful results of:

- ~ Helping families come out of poverty and have funds for medical needs, etc.
- ~ Families are coming to the Lord with public confessions.
- ~ Now another TCD effort starts!

South Dagon is a newly established township in Yangon where about 300,000 poor people live. In particular, Ward 140 of South Dagon is extremely poor. There we will start a sewing
