#### PAKISTAN

Partners there are now launching model villages! We have at least 4 models developing and one cluster already being impacted!!

#### GHANA

Tamale Ghana held Community Based Training (TOT1) last week Friday and Saturday, 22-23 July. Fifty registered people. It was held immediately after the Women Circle of Life training. Some guests came from the USA to teach/facilitate some of these CHE programs. During the MVC, we had presentations on water/sanitation; Joshua Knight sent his power point to be presented by Okoro; Babalola presented for Jesus

film; Dayo for Income; a CHE man for health; and Asare was nominated by Darrel to present for mega voice. We anticipate a report next month.

#### BURKINA FASO

We anticipate training in our new village in Kouba near Ouagadougou.

#### COTE D'IVOIRE

They are set with a village. We will be there 9-10 September to visit the village and guide the TCD operations. The Cote D'Ivoire participants at the MVC want to start the funding of the model village.

#### NIGER REPUBLIC

They are ready to hold an MVC training. They want us to come and facilitate. We asked them to shift their date till August.

#### NEPAL

Nepal is expanding! Kiran Karki reports that we have planned to work with UUPGs in the east of Nepal. There are 3,000-4,000 of Kewat, Chamar, Dusadh, Koiri, and Dhanuk. One of his friends is very interested to work with us reaching out to them and to have an MVC consultation and TCD training. We have not fixed the date but are thinking to have it in September.

#### SERBIA

We have started cooperation with one Roma Church and part of our work is Women Cycle of Life (WCL) group being done. This group of ladies are Christians, and they decided that they want to work on health issues as so many of them and their family members are ill with high blood pressure, high blood sugar, heart problems etc. In another WCL group, we are working with Christian ladies and there we have two new believers! Ron, Jeannie, and Hanne were helped in the Vision seminar they did last Friday. What we are planning in the future is one Vision seminar where there is a Roma pastor who is already working in around 15 communities where he wants to develop CHE workers who are going to share and do CHE in all these communities.

#### MONTENEGRO

We are planning Vision plus TOT1 in Montenegro in September/October. Montenegro is a country where (for now) nobody is doing CHE.

#### SLOVAKIA

We are planning to help with TOT1 in Slovakia that will take place at the end of September and at the end of November.

DON'T FORGET TO REGISTER FOR THE GLOBAL LEADERSHIP CONFERENCE THIS OCTOBER 24-27!!

Also, please help us find contacts in Mongolia, West China, Laos, Vietnam, Malaysia, Bhutan, Kazakhstan, Kyrgyzstan, Uzbekistan, Azerbaijan, and Sothern Russia that we can invite to Bangkok to join the Million Village Challenge!
