

The Plymouth Company sent Pilgrims 400 years ago with a comprehensive long-term plan to build God's Kingdom here. Their fruit today is almost gone. Now the non-profit ATC has adopted that strategy for a new generation to

**Train and Network Community Teams to Transform America.**

---

**Join us at our Annual Summit for  
city action transformation "companies"**

**Dallas, Texas    September 7-9, 2017**

Save the dates. More details coming soon. Leaders gathering city networks there include Dr. Mark Beliles, Dennis Peacocke, Doug Stringer, and others.

Mark Beliles and Luis Bush also urge Americans with a vision for transformation to join them at a global summit of Transform World in Ecuador, October 31-Nov 3. [Click here for more info and invitation.](#)

## American leaders gathered at Disciple Nations Alliance forum in Prescott, AZ

One of the most effective networks today for equipping and networking leaders is the Disciple Nations Alliance. This group, spawned especially by the ministry of Bob Moffitt and Darrow Miller, are most effective globally and many from around the world gathered in Arizona last month for a forum. There were also many American leaders including Dr. Mark Beliles of ATC who joined in the meeting and had the privilege to speak (see photo below). Beliles had opportunity to connect with DNA president Scott Allen and others. Potential for more collaboration is anticipated.

## ATC events in Recent Months

National Coordinator **Travis Witt** & KY Leader **Don Pinson**

City action councils and transformation companies have been continuing to grow, equip leaders and develop strategic plans. ATC president Mark Beliles spoke to groups in North Carolina, Maryland and Virginia, and National Coordinator Travis Witt met with leaders and spoke in Pittsburg and Harrisburg, Pennsylvania and many cities in Virginia. A strong new company was launched in Greene County, Virginia. The London, Kentucky company is being led effectively by Rev. Don Pinson who writes a weekly Transformation email letter to the team in that area. One of his recent ones included quotes from the Founding Fathers and scripture as he evaluated President Trump's recent actions in Syria. Travis Witt spoke to that group again and keeps in touch regularly with our transformation teams nationwide.

## Help us create a transformation resource for the benefit of all!

We want to know your recommendation of books or other resources that relate to specific areas of cultural transformation. Click on the survey link below and fill in a title that you think applies to each category. Answers are anonymous. [Click here](#). You can see results once the survey period is completed for the 15 categories!

## Did you hear of our joint effort to transform USA?

### *Our team is waiting to respond to an invitation to your city.*

ATC president Mark Beliles, with the help of his National Coordinator Travis Witt, is helping to develop local transformation teams that represent the shared dreams and initiatives of TW 2020 [Luis Bush - see photo below], TW USA [TC Kim and Dai Sup Han] and Love 2020 [Paul Cedar]. See logos below of the alliance partners.

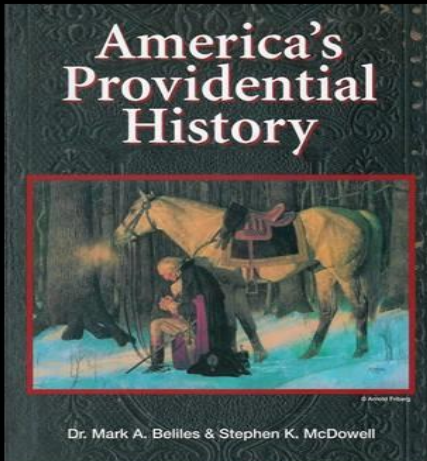

Drawing on the combined networks and contacts, leaders are gathered in local communities to identify challenges that Christians are facing in America today, and then strategic plans are formed for all of the seven spheres of culture, and involving three generations. The goal is to have a cohesive national network by 2020 when America marks the 400th anniversary of the arrival of the Pilgrims and global leaders in transformation will reconvene as well to assess the state of the church and nations at that point.

America needs you for such a time as this. **We urgently request you to contact us if you want us to help your town** or community as one of the places in the coming year or next that we should come and assist the transformation movement there. More information is at the bottom of this email. Call 434-249-4032 or email us by [clicking here](#).

Transform USA [T.C.Kim], Mission America Coalition's Love 2020 [Paul Cedar], Transform World 2020 [Luis Bush], are now working in partnership with the America Transformation Company [Mark Beliles].

## BOOKS & DVDs

providencefoundation.com

**Actor Kirk Cameron writes:**

**“My family and I have been captivated by Stephen and Mark’s **America’s Providential History**. It is the best book I’ve read that shows God’s miraculous hand in American history. If you want your children and grandchildren to understand why America became the freest nation in all of history, then you need to read this awesome book. I highly recommend it.”**

To order a copy of America's Providential History click on bookstore link below.

**America Transformation Company annual summit, Dallas, TX**

Plan to join with other leaders of city action councils to share ideas and encourage each other.
