

**15 September 2017**  
**TFW Poverty Challenge and Million Village Challenge UPDATE**

Greetings in the Transforming Name of Jesus!

Global Leadership of the Million Village Challenge and Urban Poverty Challenge are set to present at the Global Leadership Seminar! Reports from the field, expansion of the global movement, and practical how-to's will highlight the time. Bring your stories of what you see God doing in your part of the world to share with others! The global momentum is so exciting!! It will be a fantastic networking time! Leaders are coming from all over the world. See below to register.

Continue letting us know what is going on in your area! [president@ghni.org](mailto:president@ghni.org)

~~~~~

Transform World Leadership Conference is coming soon! Poverty challenge with Million Village Challenge will have lots to share about urban and poor rural kingdom expansion. Don't forget to register!

## NEWS BRIEFS

### MIDDLE EAST

#### EGYPT

Bedouins are hearing of TCD! Now we are applying CHE in 6 villages in Upper Egypt. One of our workers will visit a village oasis in which Bedouins live in the western desert of Egypt soon and will share a vision seminar. On 25 September, that worker will train TOT2 (Training of Trainers 2) in Aswan with Nubian on a 5-day trip. Last month we held TOT2 trainings in Sohag for 2 villages.

#### SYRIA

Syrian refugees in Jordan are opening a new village! We visited with a Syrian family who have been refugees in Jordan for a couple of years. The father, mother, and son are from Al Raqa'a and are now living in Um Battma Village. TCD is starting!

### AFRICA

#### CÔTE D'IVOIRE

MVC has a multi-national impact and plans for expansion are going on already! MVC materials are being translated into French by partners in Côte d'Ivoire! MVC was hosted in Côte d'Ivoire on 5-7 September 2017. The MVC/ CHE conference was held. 17 national leaders of the Christian network (MAP international Côte d'Ivoire, Africa service Côte d'Ivoire, Tearfund Côte d'Ivoire, UESO Church, Baptiste Libre Church, MEGABE Church, PROFEV-UNION NGO, MMD Church, Arc-En-Christ, NGO GBH, ACPE Church, Church EMJC, Church MECID) took part in this conference. Daniel Diaka, a representative of the Jesus Film, was present and shared the vision of the Jesus film as well as all the material available to accompany the programs of different organizations. Samson Abukari and Samson Tagbor from Ghana contributed to the presentation. Finally, the participants chose the localities (10) where they wish to carry out the model villages which will in turn make it possible to carry out the 70 other model villages which represent the tipping point for Côte d'Ivoire.

In 2018, we plan to organize another MVC conference in the center of the Ivory Coast in the city of Bouaké. This conference was organized by the national network CHE which is AISEC and financially supported by the missionary Verlin Anderson of Christian Health Service Corps.

#### ETHIOPIA

The government acknowledges a model village! In Harowayo Village, the Transformational Community Development (TCD) groups have been working hard. A few months ago, the government agriculture office visited our irrigation project. They were amazed by our TCD work and were not expecting what we've accomplished.

#### SOUTH AFRICA

South Africa is exploding! 12 villages and towns are scheduled in September and October for vision seminars and TOT/TCD trainings! Praise the Lord.

#### KENYA

Gem village goes from total poverty to being a model! Lasting and sustainable solutions are being used to correct issues and stop the trends towards poverty and despair. Orphans now have a better quality of life and students who once dropped out of school are now attending capacity-building centers. Adults who had been idle and dependent are being coached towards prosperity. Most adults are now receiving microloans to help them generate their own income.

## **NORTH CENTRAL ASIA**

### **TAJIKISTAN**

Tajikistan continues to see expansion for a couple of potentially new villages. We bought cement and blocks for one village to help with their education seed project. For another education seed project, we bought 50 bags of cement for another village. After two weeks, we opened a new Russian language class. We met with people from two other villages to share about the TCD strategy and many people liked it. They were interested in developing their own villages and not seeking help from the outside. We hope in the future that we can work with them.

### **ARMENIA**

TCD brings fish farming which will bring more self-sufficiency. Now the villagers know how to run it themselves!

### **AFGHANISTAN**

THE successful poplar tree project is now being used for engaging new villages in Afghanistan! The locals have grown to seek knowledge and cuttings from this effective measure toward self-sustainability for their villages.

## **SOUTH EAST ASIA**

### **MYANMAR**

A transfer of a CHE volunteer to another village resulted in him becoming a man of peace for that new village and TCD is being shared!

Please pray for South East Asia, Russia, and the Balkans. For God to raise up champions for the hidden and hurting poor!

## **CENTRAL EUROPE/BALKANS**

### **SERBIA**

The transformation of a village into a model village is happening in Djorgovska Mahala. We have two groups of women with over 20 members; one group is part of the local community and the other meets regularly in Mahala.

## **SOUTH ASIA**

### **NEPAL**

Another model village is developing! DG Village is becoming a model village for this area because people are extremely astonished to see the changing lifestyle of the community. Women are in good attendance to education classes and they are learning TCD lessons.

### **INDIA**

There is expansion in West Bengal! As we have been doing TCD and watching people's lives change for the better, we thought about spreading TCD to the surroundings areas as well. One entire block of New Jalpaiguri District (West Bengal, India) is suffering from diseases, malnutrition, and poverty and people are concerned. When we introduced the TCD concept to the villagers, they were very excited. We held a TOT (Training of Trainers) training at a community hall in an area with around fifteen participants.

**BANGLADESH**

A model village is developing strong! Transforming a village into a model village is taking place. Now they have six women's groups with over 84 members regularly meeting.
