**NEWS BRIEFS**

**IRAQ**

New Yazidi Community!

GHNI is working with Yazidi families who have fled from extremists when their homes were attacked in Sinjar, Bozni, Shixan, and Mosul. Because of this, a new community of refuge has been formed. These families do not live in government controlled camps due to internal culture conflict, and do not feel safe because of this. TCD has been taught to them and they are transforming!

**HAWAII CDE TRAINING CENTER**

Giving the World a Hug Through CDE!

A high level leadership meeting with GHNI, Hawaiian Pastors, and leaders from YWAM met in Kona to discuss how to take CDE, TCD to the unengaged unreached! The new Hawaii CDE Training Center will be used to equip delegates from Hawaii and around the world to go to the unengaged peoples! Hawaiian pastors were thrilled with the visions of Hawaiians going to the world which is a key part of their history since the great revival over 190 years ago!!

**SOUTH KOREA**

Korean Canaan Farms to be Taught at Geneva Institute for Leadership and Public Policy!

The Ambassador of South Korea to Uganda will present to 50+ national government leaders the key role of Community Based Development for Transformation using the amazing results of Canaan Farms in Korea for the case study!

STC Dublin Takes Refugees on "Tour the City"

Tour the City is a project of Serve the City Dublin which seeks to enhance social inclusion and to initiate an integration process for Refugees and Asylum Seekers that reside in Direct Provision Centres (DPCs) in the Greater Dublin Area. Our volunteer leaders organise fortnightly cultural tours that introduce the residents of DPCs to Irish culture, heritage and history, and actively encourages personal interactions between the volunteers and refugees/asylum seekers.

**VIETNAM**

CDE Seed Project to eliminate the toxins of Agent Orange will be used in partnership with 3 universities and an NGO in Vietnam with GHNI. The final phases of tests will soon be completed. If proven good, the government of Vietnam is eager to have the new solution to take out the chemicals in the soil that ruined tens of thousands of acres of land and ruined farmers who can no longer use their farms. Pray for this, please. Veteran's groups around the country of the USA are getting behind it.

**BOOK: THE YES EFFECT**

This new book by Dr. Luis Bush includes great information at the importance of community based TCD in a strategy of national transformation! It is great reading and we encourage you to get it!!
