

NEXT

4/14 Global Summit

Dates:
March 13th-16th, 2018

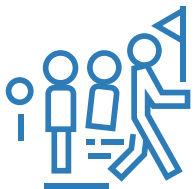

Location: Trinity Christian Centre
247 Paya Lebar Road, Singapore 409045

Join us for the 4/14 Window Movement's 5th Global Summit! During this future-facing event, participants will explore how children and youth are a valuable component of every local church community and strategy. This gathering will inspire everyone to consider what is NEXT for children and youth, and for the Church.

The Summit will be a platform to showcase case studies, effective examples, and research presented through high-quality videos, speakers and other learning experiences. This event will generate new advocacy content, artifacts, and resources to fuel the on-going work of the 4/14 Window Movement around the globe.

We will have the opportunity to encourage, support and challenge one another, as well as invite others in to witness and share in our values and passion for children and youth. The Summit will be a chance to engage church and ministry leaders, decision-makers, and influencers with the critical message of the 4/14 Window Movement.

ADVOCATE

CELEBRATE

STRENGTHEN

Learn how we can effectively engage children and youth, while empowering them for innovative impact in....

- » Church planting and multiplication
- » Models of community and city impact
- » Evangelistic and missional actions on behalf of local churches
- » Improving local church sustainability and economic outlook

Discover what is already being done in the areas of...

- » Emerging technology development, adoption, and utilization relevant to children
- » Case studies of effective ministry from local pastors across the globe
- » Research linking engaging children with indicators of improved church health and growth
- » How church movements are cultivating talents and competencies of the next generation
- » Sustainable revenue-generating models that equip urban youth

TOPICS

The Global Summit will feature dozens of speakers and segments on topics of importance to church leaders and ministry practitioners. In addition to hearing from a wide cross-section of speakers, there will be time to interactively engage with models and case studies that are leading the way.

PARTICIPATION

If you are unable to join us in-person in Singapore, there will be opportunities to participate in the Summit remotely. A strategy is being put in place for church partners to host local 4/14 events with access to the Summit content. More details will be circulated soon.

Resources from the Summit will be made available digitally after the event in order to be leveraged by 4/14 members globally.
