**NEWS BRIEFS**

**JAPAN**

Serve the City (STC) International Ambassador Mr. Jerry McCARTY, Mr. Hal JONES, and a team of 9 International leaders were able to present STC in the context of a Million Village Vision Seminar for transformational work amongst poor communities. We were sobered to find out 1 child in 3 in Okinawa and 1 in 5 in Aomori were from poor families and malnourished. Leaders from both cities agreed to start collaboration for STC style work. Please pray for this! Follow up trips are scheduled for April next year. Mr. Charlie LAMENTO is coordinating the planned trip. If interested, contact Mr. Charlie LAMENTO [charlie.lamento@ghni.org](mailto:charlie.lamento@ghni.org)

**PATHWAYS TO GREATER IMPACT**

1-3 MAY 2018

This is a tremendous venue to explore opportunities for sharing the Gospel in the context of love and good works, bringing people to faith in Christ and reflecting the values of the Kingdom in the communities we serve. CHE workers and network representatives from all over the world will join us, so it would be a great opportunity for you to meet partners to our ministry. [www.wholisticmissions.com](http://www.wholisticmissions.com)

I want to invite you personally to join us at our network conference at Grand Canyon University. This year I am leading a training event called "Pathways to Greater Impact". It will focus on several of the core values of wholistic ministry and will be a highly interactive session with live actors!

**GENEVA**

**SERVING THE SERVERS**

Serve the City (STC) Geneva held a dinner for 40+ volunteers to thank them for their service. They want to serve the Servers who serve the poor! Great idea!

**TANZANIA**

**MVC REACHING OUT!**

Mr. Clement MWAITEBELE and his wife participated from Tanzania in a recent Transformational Community Development (TCD) in Kenya. Today they are helping the poor among Massai and orphaned children in the Mbeya region and our cousins in Zanzibar to move out of poverty.

You can contact him at [octebele@yahoo.co.uk](mailto:octebele@yahoo.co.uk)

## **TAJIKISTAN**

### **CLUSTER EXPANSION**

A village in transformation is building their own school and an old man from a nearby village visited. He was very happy for this school where some of his family would attend. He asked me, "Why do you help our village? We are not from the same religion." I explained that we were building the school because we want to develop his community inside and give his community help and hope. We want to show them only love. The old man said to me, "It doesn't matter what religion you are, but more importantly, what you are doing in this world." Many people, not only this old man, come and ask me about this. It is a powerful message of hope to these villagers.

## **NEPAL**

### **AMAZING TRANSFORMATION IN JUST ONE YEAR!**

Mr. Hal JONES and a small team came to visit this eastern village that is just one-year-old in being adopted. With health lessons, new pit latrines built by villagers, goat micro loan program, ESL programs, along with micro businesses starting to flourish, the village was in joy and thanksgiving! So much so that a nearby village with 3 UUPG's has asked TCD to be brought to them! Wow!

## **KOLKATA**

### **MVC CONFERENCE EXPLODES TCD/CHE INTO WEST BENGAL!!**

Keying off a model village of transformation along the Hoogli, just a few miles from where Mr. William CAREY launched Modern Missions, 20+ top leaders committed to starting Model villages in West Bengal. ~ *Mr. Sushil MARANDI, MVC Facilitator*

## **MYANMAR**

### **MODEL VILLAGES MOBILIZE THEMSELVES**

The villagers use local resources to help IDP's in their area. This is so amazing and reflects the new World View of the villagers. Poverty is no longer their mindset. Self-sustainability and self-propagation is!

## **KENYA**

### **CDE POSITIONING FOR REGIONAL TRANSFORMATION**

Starting about a decade ago amongst Oromo villages, no churches existed. Now over 50 churches exist, mostly with Pastors from a Muslim Background. Now several clusters are transforming and we are praying for complete transformation throughout the whole of the Oromo region!!

## **INDONESIA**

### **MILLION VILLAGE CHALLENGE**

Farmers in Sulawesi are using better locally based agriculture to impact more of their region! The TCD team was pleased to see the positive effect on the wider community and even in other communities. The core farmers were able to subsidize what they lacked from their own harvests by buying wet beans from scores of other farmers and then processing them along with their own. It was an arrangement that truly benefited all parties: the core farmers met their order quota, other farmers were able to sell their beans at a higher than market price without having to spend time and energy drying them (giving them more time and energy to focus on other income streams), and buyers received the quality they needed without having to buy through lengthy supply channels!

## **ETHIOPIA**

### **CLUSTER EXPANSION!**

Kito Village has had so much transformation that now the people are becoming self-sustainable in farming. Now they are able to pay for their children to go to school. As a result, nearby villagers are asking for the same teaching and CDE is being REQUESTED!!

## **EGYPT**

### **UPPER EGYPT AROUND LUXOR IS EXPLODING!**

Catalytic movements keying off of a few poor villages has recently resulted in TCD being taught in Luxor, German Hospital. In 6 villages of a cluster, now there are 26 committees with over 600 people! NEW TRIBE OPENS UP!! We will hold three sport days and also visit Shalatin, south of Aswan, to start working with the tribe of Basharya.

## **CAMEROON**

### **TWO NEW VILLAGE CLUSTERS JOINING MVC, TCD WITH TOT TRAINING!**

Danfegue and Ngassa Villages are the recent villages hoping for Transformational Community Development (TCD) in Cameroon.

## **BURKINA FASO**

### **PROOF SHORT TERM TEAMS CAN ADVANCE CDE!!**

The short-term team that visited KB Village in late 2017 from the USA and Nigeria seemed to change the general atmosphere in the village and the outlook of the locals. The village is filled with joy and thankfulness for effective new skills learned!

## **BANGLADESH**

### **IMMERSED IN FLOODING YET SEES A LOCAL TCD MODEL AS A KEY HELP!**

One of the model villages which has had Training of Trainer (TOT) used their knowledge of health and water purification to help many surrounding villages!

## **AFGHANISTAN**

### **AGRICULTURE BASED TCD GETS PRAISE FROM THE GOVERNMENT**

This spring saplings from poplar farms that were started under our TCD strategy will be distributed to several hundred farmers. The government has complimented us on this. This will lead to many open doors amongst new villages for health, water, food security, etc. The cluster effect!!

## **GLOBAL ATTACK ON URBAN POVERTY UNITY DAY**

Join Serve the City International on 5 May 2018 for our first annual Global Volunteer Day! Register for a project in your city so our local action can make a global impact! In how many cities can we serve together on the same day? How many volunteers can we involve? Many people doing small things together can make a big difference!

## **PHILIPPINES**

### **VOLUNTEERS ARISING TO END URBAN POVERTY!**

Our friends in Manila interested in starting Serve the City there recently held a pre-launch event, consisting of a morning of cleaning the streets followed by basketball with the community. We wish them the best as they work through the process of becoming an official Serve the City project and hope to see them on our map of cities soon!

## **VIETNAM**

Dr. TRAN reports that they are seeking to open 8 local clinics for drug rehabilitation that they believe will be great seed projects for clinic-based CDE!!

## **SERBIA**

### **MODEL VILLAGE**

A model village is leading the way with women's empowerment in this much male dominated culture. Three women's committees with over 25 women are now actively teaching CHE!!

**EUROPE**

TCD!

Last week they held a Vision Seminar in Amsterdam, close to Piet Retief, followed by a whole week of TCD training in Bushbuckridge.
