NEWS BRIEFS

NORTH AFRICA

NORTH AFRICAN HISTORY BEING MADE IN MVC
Nationals are adopting communities in their countries - North Africa. A FOUR nation Vision Seminar was held!!

CENTRAL AFRICA

CENTRAL AFRICAN REPUBLIC GETS MORE CHAMPIONS!
75 champions carrying the message of Sustainable Development were trained in the Central African region.

CHAD

GOVERNMENT LEADER IN CHAD SPEAKS OUT!!
One of the Governors in Chad welcomes us and the message of sustainable development.

MACEDONIA

EXPANSION!!!
Good news from Macedonia. One pastor in Macedonia has planted 19 churches along the Macedonia border with Bulgaria and Greece. Always looking for new ways to present the Gospel and help the poor, he hosted a

Vision Seminar in February and a great TOT1 (Training of Trainers Part 1) in May. He now informs us that his church leaders want to begin CHE projects both in communities where they have small church plants and in communities that are still unreached! Some of his leaders want to do CHE full-time. Our CHE EuroNet network is reaching out to help them get started and find potential partners.

EGYPT

UPPER EGYPT VILLAGE CLUSTER

We started a clinic in Saft al Laban almost three months ago, and the workers are doing a great job there and in the surrounding small villages. We had a medical convoy do low cost vision exams to help the poor people. More than 140 patients attended, many of them poor brothers and sisters. The eye clinic is usually so expensive. Villagers were so happy.

NEPAL

***JT VILLAGE**

TRANSFORMATION OF POOREST FAMILY IN VILLAGE TRIGGERS SOLID ADOPTION OF TCD!

The Goat Loan Programme started by GHNI (Global Hope Network International) in JT Village is spreading to other members in the community. One of them is *Kaneila's family, a model family in their group. She was known as the poorest member in the community. Now she has some credit in the community. Other people do not treat them like before. These days, they are loved by the community.

NIGERIA

WHOLE VILLAGE CLUSTER ADOPTS CHE/TCD!!

Ahumbe is made up of nine cluster villages, totaling 2,000 in population. The people of Ahumbe are good farmers and generate their income from the sale of farm produce and livestock. Clean, safe water is scarce in this area. Hand dug wells supply water during the rainy season, however in the dry season people have to travel 4km to wells they have dug near the dried up stream. There is much sickness in the area and the government owned health clinic does not have regular hours. There are 3 primary schools and one secondary school in Ahumbe.

PAKISTAN

SINDH PROVINCE

SEED PROJECT OPENS DOOR FOR ESTABLISHING LEADERSHIP COMMITTEE!!

Our sewing centre is equipping the women to live better lives. The sewing students are moving forward and learning to cut and pattern. Their teacher is also working hard to give them a lot of ideas on style for cutting and stitching. We have built trust in community leadership and also among the women. Lives are being transformed here.

SERBIA

DORGOVSKA MAHALA VILLAGE

MODEL VILLAGE DEVELOPING

Our village model is being developed in the village of Đjorgovska mahala. Our Transformational Community Development (TCD) groups, as well as their children's groups, have made many visible changes. Many families are encouraged and new people are joining them.

SRI LANKA

***UV VILLAGE**

NEW VILLAGE SEED PROJECT OPENS DOORS!

It's been exciting to open a new tutoring class in UV Village in a house. Since only four children turned up for the first tutoring class, the teacher and our staff decided to go from house to house to inform parents about the tutoring classes now in operation.

TAJIKISTAN

YAGNOB/ESANBAY

Two days ago, I returned from a visit to Vakhdat for a month of planning and future strategy. Things there are going well and we hope to finish our school building project soon.

INDIA

DUMKA CHRISTIAN WORKERS FALSLEY ACCUSED AND ARRESTED

On 7 July 2018, 16 FMPB workers were arrested for preaching the gospel in Shikaripara district in Dumka. They have been taken into custody and have been accused of fraudulently and forcefully converting them to the Christian faith. All these accusations are deemed false as there were no forceful gestures from these preachers. This records as the first act in Jharkhand since this bill was passed in September 2017. India's Freedom of Religion Acts or "anti-conversion" laws are state-level statutes that have been enacted to regulate religious conversions. While there are some variations between the state laws, they are very similar in their content and structure. All of the laws seek to prevent any person from converting or attempting to convert, either directly or otherwise, any person through "forcible" or "fraudulent" means, or by "allurement" or "inducement." Jharkhand, in northern India, became the most recent state in the country to criminalize religious freedom when its governor, Draupadi Murmu, signed an anti-conversion bill into law on 5 September 2017.

ETHIOPIA

76 CHURCHES IMPACTED THRU GLOBAL TRANSFORMATION NETWORK TRAINING IN MINISTERING TO THOSE WITH DISABILITIES

The genius of CHE (Community Health Evangelism) is that master trainers train church members who, in turn, train neighbors. Within six months of the gathering in Dilla, 76 churches were impacted by a deeper understanding of transformational Biblical truths regarding: all people as image bearers; honoring the least among us; suffering and disability; and healing. Our prayer has been that the heart of a nation would be changed. After 10 years, and many more trainings, we are noticing a new culture of compassion and the heart of a nation changed!

ZAMBIA

HAS 4,000 CHE'S!!!! NOW DEEPENING TO THOSE WITH DISABILITIES

The Lord has instilled in Lovemore a passion for disability ministry, and as the National CHE Coordinator he has committed to opening a national disability department within the CHE office, to ensure that all of Zambia's over 4,000 CHEs receive disability awareness training to take into the communities they serve. Lovemore's vision to equip CHE's in reaching a hidden population actively demonstrates the value of people with disabilities in the global Body of Christ. As members of the Global CHE Network, we pray that we would all join Lovemore in casting a vision of inclusion and acceptance in our communities by deepening our understanding of the Biblical view of disability and incorporating such truth into our community training programs.
