MALAWI

I thank the Lord for the meeting which took place in South Africa for Transform World 2020. We had all of our expectations met. We found that there was networking and unity amongst diversity. We have common objectives and goals and are committed to transforming Africa and the world. Furthermore, we have been very blessed in the past few days at TCD network meetings with a large denomination as well as an organization both operating internationally.

MYANMAR

GOVERNMENT RECOGNITION OF TCD VILLAGE

Township Rural Development Department to our Transformational Community Development (TCD) village. The purpose of their visit was to observe the progress the community initiated themselves and to collect information in order to recognize them as the "trash free village" in Rakhine State. The Township Rural Development Department had heard the good news about Myat Hlae Village from among more than 300 villages in its township. Myat Hlae Village has been well known in the area because of their achievement of self-initiated projects and pursuing their community to become a trash-

free community. Their good works and actions speak loud in the area, and the government department is interested in supporting their good deeds.

NEPAL
