UPDATED RESEARCH REVEALS CONTINUED GROWTH IN GLOBAL CHE/TCD/CDE IMPACT!

Over 5,800 Communities are engaged, not counting many of the cluster impacted villages. Our goal is 10,000 communities, amounting to 10,000 clusters which would equal approximately 100,000 villages, or 10% to hit the tipping point.

80% of the poorest 150 countries in the world have MVC connections going on. Over 90% if you take out the small island nations of the Caribbean and South Pacific Islands.

The 1040 window countries now have over 80% penetration with MVC connections and are expected to be well over 90% by the end of 2019.

Momentum is really gathering as you will read below.

PRAISE THE LORD!!!

The International Wholistic Ministry Conference (IWMC) just concluded in Kansas City and saw a lot of interested people with a goal of helping reach 1 million communities with CHE/TCD/CDE, etc. What a joy to see the hundreds of colleagues join in under Terry Dalrymple's leadership.

PLEASE PRAY ABOUT joining us in Melbourne, Australia this October for the 2020 Transform World Summit and Poverty Challenge session!

## **NEWS BRIEFS**

### **INDIA**

#### **NEW VILLAGE**

A new village in Binodpur, India... has really taken off! They've already connected well with local government and schools and had their first health/wellness seed project on-site. Great team there!

### **SRI LANKA**

Please pray for Christians in Sri Lanka. They went to their respective churches to celebrate Resurrection day. Over 200 Christians lost their lives; 300 were wounded in bombings. Pray for the many families that grieve and for healings for the 300; for those who are deceived to know the TRUTH! Please pray for additional funding for new TCD villages and projects as well.

### **JAPAN**

Two of the last UUPG's in Japan are also in the poorest area of Japan. Yaeyama people on Ishigaki Islands and Yoron people on Yoron Islands. An assessment trip for TCD is headed there in September.
