The Wellness Committee has agreed to start a "Clean Toilet Award" every two months to encourage villagers to keep their toilets clean and well maintained. The children are learning well in our weekly special classes.

INDONESIA

Sulawesi: Village Self-Funding Water Source!

The committee is planning to test the water and then build a storage tank, piping the water down to the village. The Water Committee demanded that they do *not* provide the funds. The villagers must pay for it!

IRAQ

MYANMAR

Paletwa Cluster Expansion

TCD training participant Saya Toh, who came from Kyi Lay Village in Paletwa township, had mobilized his village people to do a seed project to make a new and better walking road that connects his village to another village. He cast his vision to his fellow villagers and was able to convince more than ten people. Then they started the work. They finished their work in just one day. Then, the villagers had a better, more convenient road to travel to the nearby village. This is another great start!
