## TFW Poverty Challenge and Million Village Challenge NEWSLETTER

EMAIL: [PovertyChallenge@Transform-World.net](mailto:PovertyChallenge@Transform-World.net)

Servant Facilitators of TFW Poverty Challenge:

Mr. Hal JONES [president@ghni.org](mailto:president@ghni.org)

Mr. Terry DALRYMPLE [terry@chenetwork.org](mailto:terry@chenetwork.org)

### IMPORTANT NOTICE

This month we are summarizing the global impact of the Million Village Challenge in reaching toward our goal of 10,000 villages engaged.

**SPECIAL NOTICE coming in 2 days about how to update *YOUR* statistics!**

### NEWS BRIEFS

#### TAJIKISTAN

Numerous villages were educated in the CHE/TCD/CDE disease remediation sessions for health, water, and sanitation.

#### INDIA

Many villages are responding to the training programs for COVID 19, and many of the villagers that are day workers are facing hunger as they cannot go to the city to work.

#### SERVE THE CITY INTERNATIONAL

**Helping Reach Out in Almost 100 Cities to Counter COVID 19 with Love and Real Hands-On Help!**

Villages trained by CHE/TCD/CDE workers in sessions on COVID 19.  
News is spreading.

#### HORN OF AFRICA

**Has 3 Vision Seminars Scheduled Soon**

For more information, contact:

Mr. Martins ATANDA [mijatanda@gmail.com](mailto:mijatanda@gmail.com)

## **NIGERIA**

We organized two webinars. One of them connected with medical doctors from London England and Maryland USA. Mr. Martins ATANDA was also a speaker to address the reality of COVID 19 and the dynamic changes it has brought to the living realities of the average man in the cities and rural communities. The participants requested further webinar sessions for updates. The second webinar was held for church leaders in Sokoto and other participants joined online. The goal was to sensitize the church leaders so they can look beyond the pain of not holding regular church meetings but to consider the health situation of their members. The church leaders opined that the ministry of health needed to educate religious leaders in a proactive way rather than the general pattern of educating all. These religious leaders have more access to their members.

## **NIGERIA and BURKINA FASO**

Champions of some villages went to reiterate the teachings on hand washing. This hygiene practice is further and critically needed due to the infections of COVID 19. We started making face masks through our Women Empowerment Centers. The women took the sewing machines home and are producing these masks from the comfort of their homes for their communities.

We also asked the health and wellness committees to engage in liquid soap making to enhance the ritual of hand washing for rural dwellers because many will wash hands without using soap or detergent. We are embarking on multiplying the hand washing stations beyond locating them near the latrines. We are also placing them in both public and private places like the market and squares used for gathering, gaming, and relaxation and beyond to street corners and private residences where it is open for community dwellers.

## **GHANA and CAPE VERDE**

Here's a link to a video that Dayo Obaweya, MAI West Africa Regional Coordinator, filmed in Ghana:

<https://youtu.be/aqNOOcNHn9E>

It shows the impact on a person who was only concerned about "preaching alone". You can see how the person's vision broadened as a result of the CHE internship.

## **EGYPT**

### **6 More Villages Opened Up to CHE/TCD/CDE in Upper Egypt COVID 19 Seminars Planned for Upper Egypt**

Cairo slum village Helwan takes double hit of flood and COVID 19 and miraculously receives double blessings of relief and opportunity!

Helwan area: A flood destroyed the whole area on March 11 including our center. Many families lost their homes, their belongings, and their clothes. There were about 21 deaths and loss of people. Then the COVID 19 crisis happened and the situation worsened. But God helped us (the team in Egypt) to collect an amount of money and we started partnerships with other organizations. We were able to provide 175 blankets, 100 boxes of food supplies, clothes for 100 families, and 350 water bottles.

## **AFGHANISTAN**

### **New Villages Connected via Women's Empowerment Centers**

As our Women's Empowerment Center II (WEC II) moves forward, many new girls are coming to the center to learn the English language. Some of these girls come from villages which are more than an hour away from the center!

## **HOLY LAND**

### **Launches New Initiative Including Self-Sustaining Training**

We started a new project named Holy Land Gardens! This project is agriculturally based and creates a training facility for individuals with special needs. We are in the beginning phase of relocating the greenhouse due to a unique set of circumstances.

Since we are in the middle of the prime agricultural season, we hope to use the greenhouse now in a nursery setting.

## **KENYA**

### **New Villages Engaging TCD via Women's Empowerment Center in Isiolo**

The program is bringing tremendous transformation in the lives of so many young women from

different villages surrounding Isiolo, speaking all tribal languages represented in Isiolo.

Right now, we have grown from tailoring and dressmaking to beautiful hair salons.

## **MYANMAR**

### **Food Crisis Looms in CHE/TCD/CDE Villages as a Result of Civil War**

Our TCD partners in Western Myanmar are in a desperate situation. The on-going conflict between the Arakan Army and Burmese Military has escalated in recent weeks, with an expected peak in fighting in Paletwa Township to occur this week. Thousands of Internally Displaced Persons (IDPs) have flooded Paletwa town and local food stocks have been depleted, tripling the price of rice in local markets.

## **VIETNAM and THAILAND**

Village doors are opening.

# **POST COVID 19 CRISIS WILL HIT MILLIONS WITH FAMINE**

## **WORLD FOOD PROGRAM**

<https://www.cbsnews.com/news/coronavirus-famines-united-nations-warning/?ftag=CNM-00-10aac3a>

David Beasley, director of the United Nations World Food Program, warned Tuesday that the world is on "the brink of a hunger pandemic" as it grapples with the global coronavirus crisis. He said that without action, the world could face "multiple famines of biblical proportions within a short few months."

Mr. Hal JONES writes: I see 7 *possible* phases here:

1. Plague
2. God brings healing (2 Chronicles 7:14)
3. Revival in the church and transformation
4. Global food crisis (WFP)
5. Church missions respond with compassion (Matt 25)
6. Every village hears and sees Jesus' compassion (Matt 24:14)
7. **MARANATHA!**

# **TRANSFORM WORLD GLOBAL LEADERSHIP CONFERENCE**

**Scheduled for 20-23 October 2020  
In Jakarta, Indonesia**

**CONTACT: Ms. Ana HERLINA [ana@bcs.org.sg](mailto:ana@bcs.org.sg)**

## **HAWAII CALLS**

**TRANSFORMATIONAL COMMUNITY DEVELOPMENT (TCD) TRAINING  
Hawaii Training Farm in Volcano Village, Hawaii**

### **TCD/TOT1**

Transformational Community Development/Training of Trainers 1.

### **TCD/TOT2 and TCD/TOT3**

For those who have already been trained in TCD/TOT1, and have been involved in working in a village that is starting up and on its way, there is a second training available.

This will be very interactive and a real help for planning to see a model into reality AND on to catalytic influence in a cluster and a region.

**22-25 July 2020**

(Arrive morning 22 July. Depart morning 26 July.)

For more information, please contact:

# THE GATHERING WAVE

We are thrilled with the networking we see happening!!  
If you want to send us news on your launching or expanding work  
or training for an area, please send your news to:

Mr. Terry DALRYMPLE [terry@chenetwork.org](mailto:terry@chenetwork.org)

Mr. Hal JONES [president@ghni.org](mailto:president@ghni.org)

If someone who reads your news would like more information,  
please include the email address they should contact. Thanks!

Send us ***your*** successes and planned trainings to: [president@ghni.org](mailto:president@ghni.org)

We want to celebrate with you and be in collaboration with you.

Names can be left anonymous.
