TRANSFORM WORLD GLOBAL LEADERSHIP SUMMIT IX VIRTUAL SUMMIT 20-22 OCTOBER 2020

We are in unprecedented times. The COVID-19 virus has spread from Asia to Europe and North America rapidly over the past months, bringing with it a level of panic and angst—everywhere from the supermarket to the stock market to the local church—not seen in recent times. God is calling us to enter a new dimension – out of our comfort zone – to discern His will for our time and our generation.

Due to Covid-19 restrictions beyond our imagination, we are shifting this year's **Transform World Global Leadership Summit IX** (previously to be held in Indonesia from 20-23 October 2020) to a **VIRTUAL SUMMIT from 20-22 October 2020**.

This year's summit will be a special celebration for all of us as 2020 is the closing year of the 2nd Phase of Transform World movement that started in 2012. We are going to use this summit to reflect what the Lord has done for the past 8 years as well as celebrate and give thanks to the Lord for the teamwork and the works of the Holy Spirit in every sphere/challenge/region.

Registration has closed, however:

You may join our opening and closing session through the following link:

PAKISTAN

COVID-19 Lessons Open More Doors!

This year was the year of crises and hardship. At the same time, we had more opportunities to reach in new areas. We were able to reach in one village to another village to teach them TCD lessons and health lessons. My team is working to share the health lessons in different villages. Through the TCD lessons, the team has started the village development program. Through the local resources, we have organized new village committees in different villages and these committees are playing a big role for the transformation.

MOZAMBIQUE

Challenge for MVC

85% of the country is poor. Additionally, all villages are poorest people, not able to self sustain, self lead and self multiply because of the conditions of life they experience daily. In order to promote social improvement, a series of trainings and some initiatives may play a central role for both, social sustainable development and spiritual growth.

UPPER EGYPT

Training Champions for Nubians

TOT 1 was held to training team in Aswan (Nubian tribe), 4 days with 12 trainers and sharing how we start in new villages with Nubian and Arab tribe in ASWAN.

AFRICA

Spiritual Impact in a Village!

A traditional medicine man (what we in the West call a "Witch Doctor") was in a photo with the idols and trinkets that he used to heal (& curse) people by means of the "Dark Arts." Incredibly, last week this man had a vision and he repented of the evil he was doing and received Christ as his Lord & Saviour.

BULGARIA

Multiplication Taking Place!

CHE EuroNet has formed a "New Expansion Projects" Working Group to pray for and seek out new regions to begin CHE Teams and community outreach and development projects. This is leading us to new connections with people of similar vision in Bulgaria where we have long wanted to begin work. Pray for a gathering of Bulgarian Christians to attend a CHE TOT1 course in spring of 2021.

ARMENIA
War With Azerbaijan

Reports from our model villages reveal refugees are arriving from the war front!
Praise the Lord many of our CDE trainees!

BEIRUT
Explosion

A CHE/TCD/CDE partnership is coming together in response to the 300,000 displaced residents of Beirut to help with home repair and feeding. As the disaster slowly subsides, the partnership is reviewing CDE opportunities amongst the listed UPG's in Lebanon.

THAILAND
Northern Expansion of CHE/TCD/CDE

Community Leaders told our staff, "Our people are poor, but we do not know what to do about it." The vision seminar went well, and the leaders decided that they want to continue the training. In the near future, we plan to train these leaders and other members in the community by facilitating a TCD TOT1. We are excited about this future partnership.

INDIA
Jharkhand Expansion!

CDE/TCD/CDE TOT is growing! The average size of the village is 200 families. More than 95% of these families are farmers, however they only cultivate one crop per year as they have no irrigation facility. 50% of the tribal populations are living below the poverty line. Because of poverty, they become victims of human trafficking and many of them drink too much.

Working alongside you to see the Great Commission come true!

Blessings and love,
Hal and Terry
